JR24041396 Actuarial Manager, RAS

The Opportunity

We are currently searching for a talented and driven individual to join our MBPS Actuarial Function as an Actuarial Manager supporting the Regional Actuarial Services (RAS). RAS acts the business partner for all our 10 Asia life operations, provide oversight, support, and guidance with respect to IFRS valuation, reporting, and earnings analysis. Reporting to Corporate actuary, this role is accountable for actuarial oversight and provide support to our emerging markets primarily in Philippines, ensure valuation assumptions and methods remain appropriate – both satisfactory group office and peer review. And by use of actuarial analytics advise and support management to understand our earnings drivers.

Why Join MBPS Actuarial?

Since its establishment in 2012, the **MBPS Actuarial team** has grown into Manulife's Actuarial Center of Excellence and has become the country's largest Actuarial employer. Their unwavering dedication to precision and ability to distill complex data into actionable insights has allowed them to continuously set the bar higher with their industry-defining expertise in Valuation, Liability and Asset Modelling, Experience Analytics, Pricing, and more.

MBPS Actuarial offers a wide range of global opportunities across multiple actuarial disciplines, a high-performing culture, a market leading actuarial development program, a job rotation program, and a leadership team dedicated to your growth and success.

What motivates you?

- You obsess about customers, listen, engage, and act for their benefit
- You think big, with curiosity to discover ways to use your agile mindset and enable business outcomes
- You thrive in teams, and enjoy getting things done together
- You take ownership and build solutions, focusing on what matters
- You do what is right, work with integrity and speak up
- You share your humanity, helping us build a diverse and inclusive work environment for everyone

We are looking for someone with:

- Bachelor's Degree in Actuarial Science, Mathematics, Statistics, Finance, or related field
- At least 10 years of actuarial work experience in Insurance or Financial Services
- Associate designation in any recognized actuarial organization (SOA, ASP), with meaningful progress towards Fellowship.
- Excellent proficiency in MS Office (Excel, VBA, Access), GGY AXIS, SQL, Qlikview, Python or similar programs
- Demonstrated experience in applying actuarial concepts to independently model and analyze actuarial financial metrics
- Proven analytical and problem-solving skills with the ability to gather, synthesize, organize, and report information, results, and recommendations to various levels across the organization.
- Strong ability to establish priorities and manage multiple tasks with accuracy and attention to detail, for self and others.
- Able to work in an evolving and dynamic environment and resilient to pressure
- Self-motivated with strong interpersonal skills and has demonstrated team collaboration
- Passion to grow and driven to be recognized as a trusted business partner

On the job you will:

 Lead Source of Earnings and related IFRS reporting for Philippines by coordinating with actuarial partners in business units and group office, as well as other regional parties.

- Review valuation matters of these business units, including but not limited to new product valuation basis and assumptions, experience studies and actuarial reserving assumptions, and participating business dividend recommendation.
- Provide advice and facilitate review and approval of valuation methodology and assumption development proposal.
- Support team lead on Asia new product valuation basis and assumptions review process.
- Participate in ad-hoc valuation projects as required.

Our commitment to you:

- Our mission: to be a part of making Decisions Easier and Lives Better
- A leadership team dedicated to your growth and success
- A bold ambition and set of goals to be a leader in driving transformation in our industry
- Our best. Every day.
