

We're looking for a highly analytical and detail-oriented **Actuarial Manager** to join our Actuarial Function at MBPS. As a senior expert, you'll manage members of our high-performing team to perform to the standard the MBPS Actuarial team has defined through years of excellent service while overseeing individual tasks and responsibilities.

Do you have the skills and knowledge for the job? Learn more about the opening below!

NOTE: *The final job title and level you receive will be dependent on your years of experience and your interviews during the application process.*

Position Responsibilities:

- Lead and support a skilled team of actuaries to support the company's strategic data analysis, risk assessment, and business planning
- Support the business in tasks that may include the following:
 - Pricing
 - Portfolio Modeling
 - Asset Modeling
 - Valuation
- Collaborate cross-functionally to ensure precise financial projections, optimal pricing strategies, and effective risk-management solutions
- Cultivate your team and create a culture that values continuous learning, professional development, and mentorship
- Drive innovation by staying at the forefront of industry trends, regulatory shifts, and technological advancements.

Required Qualifications:

- Bachelor's Degree in Actuarial Science, Mathematics, Statistics, Finance, or other related fields of study
- Minimum 5 years of actuarial work experience in Insurance or Financial Services
- Associate designation in any recognized actuarial organization (SOA, ASP), with meaningful progress towards a Fellowship
- Excellent proficiency in MS Office (Excel, VBA, Access), GGY AXIS, SQL, Qlikview, Python or similar programs

- Relevant experience in applying actuarial concepts to independently model and analyze actuarial financial metrics
- Proven analytical and problem-solving skills with the ability to gather, synthesize, organize, and report information, results, and recommendations to various levels across the organization
- Strong ability to establish priorities and manage multiple tasks with accuracy and attention to detail
- Able to work in an evolving and dynamic environment
- Strong communication skills with the ability to build camaraderie across levels and business functions
- Passion to grow and driven to be recognized as a trusted business partner

Let's make every day better together. Learn about our opportunities at careers.manulife.com
